Problem-based learning using narrative approach via IFAMRES[©] MINECRAFT

IFAMRES[©] Minecraft is a proposed framework to help students learning through problem-based learning through narrative approach. IFAMRES is an acronym made up of the process involved in hacking traditional lessons;

- I - Information searching
- F- Finding Solution & Doing Presentation
- A- Awareness
- M- Minecraft Design
- R- Reaching Community
- ES- Experience Sharing

NARRATIVE APPROACH in MINECRAFT
