Hajimete no Nihongo 1 (My First Japanese 1) is written as a guide for students who take Japanese language courses to understand the basics and enable them to master the language when communicating outside the classroom and interacting with friends who can speak the language. This book is based on the CEFR scale.

This book contains 5 chapters which include a language syllabus for basic Japanese level 1. In general, this book touches on aspects such as sounds, pronunciation, situations introducing Japan and its culture briefly, introducing yourself, friends and family members, numbers, dates and conversational activities. This textbook also contains various exercises to enable students to master this language.

The author would like to express a million thanks to friends who helped and gave insight into preparing this book. Thanks also to the Dean of the Faculty of Language Studies and Human Development, YBhg. Dr. Burhan bin Che Daud and the Head of the Third Language Department, YBr. Dr. Nurul Fatimah binti Hanapi, who always gave encouragement and support until the publication of this book. Thank you also to the publishers of University Malaysia Kelantan who have successfully published this book. Hopefully, this book can help students master the Japanese language well.
